Describe project:

Cost of project: \$

Please note that City Zoning Code regulates that all chain link fences under six (6') height, must have posts installed at a depth of twenty-four (24") inches and be embedded in concrete. Please note that City Zoning Code regulates that all other fences under six (6') height, must have posts installed at a depth of thirty-two (32") inches and be embedded in concrete. Please note that City Zoning Code regulates that all fences over six (6') height, must have posts installed at a depth of thirty-six (34") inches and be embedded in concrete. Post hole inspections are required.

Please note that placement and approval of a fence on any easement does not relieve the owner of responsibility for the fence should access to and disturbance of the easement ground become necessary. The City of Whitehall does not determine the location of easements or property lines. The applicant verifies that the fence permitted by this application will be located entirely on the property listed as the job location above.
